

WINTER 2027 / HONG KONG

Experience University Life in Hong Kong

CUHK AI Innovation Camp

University learning and practical AI
in a city of discovery

24-29 JANUARY 2027

6 DAYS / 5 NIGHTS | CHINESE AND ENGLISH

Explore university campuses. Create with AI.

AI sessions at CUHK, a SenseTime industry visit, student-led campus discovery and cultural experiences across Hong Kong.

● CUHK LEARNING

● PRACTICAL WORKSHOPS

● CITY DISCOVERY

Six days in Hong Kong

24-29 January 2027 | Teaching language: Chinese and English

DAY 1 24 JANUARY

Welcome to Hong Kong

Arrival	Arrive in Hong Kong
14:30-16:00	Star Ferry and Avenue of Stars
16:30-17:00	Golden Bauhinia Square
18:00-19:00	Welcome dinner

DAY 2 25 JANUARY

CUHK and SenseTime

10:00-11:00	Opening session: From AI to AGI
11:00-12:30	CUHK campus tour and Lake Ad Excellentiam
12:30-14:00	Lunch on campus
15:00-16:00	SenseTime AI experience centre
16:00-17:00	Deep learning and neural networks
17:30-18:30	Dinner
19:00	Return to the hotel

DAY 3 26 JANUARY

AI foundations and models

08:00	Breakfast
10:00-12:00	Deep learning and neural networks
12:30-13:30	Lunch on campus
13:30-17:00	Set up large language models and AI image-generation models
17:30-18:30	Dinner on campus
18:30-20:00	Campus sports activities
20:30	Return to the hotel

DAY 4 27 JANUARY

Create with generative AI

08:00	Breakfast
10:00-12:00	Large language model applications and prompt design
12:30-13:30	Lunch on campus
13:30-17:00	Generative AI practice: create with AI
17:30-18:30	Dinner on campus
18:30-20:00	Campus sports activities
20:30	Return to the hotel

DAY 5 28 JANUARY

Culture and campus discovery

08:00	Breakfast
10:00-12:00	Hong Kong Palace Museum
12:30-13:30	Lunch
14:00-15:30	Tram ride, Central Market and Tai Kwun
16:30-18:00	HKU campus tour and student interaction
18:00-19:00	Dinner
19:00-20:00	Closing ceremony and certificate presentation
20:00	Return to the hotel

DAY 6 29 JANUARY

Take your discoveries home

09:00	Breakfast
Departure	Depart Hong Kong with new experiences and ideas

All times are Hong Kong local time (UTC+8). Campus sports activities are subject to the final arrangements.

Discover university life at CUHK

Explore a campus between the hills and the sea with university student guides.

The Chinese University of Hong Kong campus.

Founded in 1963, The Chinese University of Hong Kong is a comprehensive research university known for its college system, bilingual education and multicultural community. A campus walk introduces students to its setting, history and everyday university life.

01

Learn from student guides

Tour the campus and talk with university students about their experiences.

02

Explore campus landmarks

Discover the CUHK History Gallery, Lake Ad Excellentiam and other campus landmarks.

03

Connect with AI research

Learn about CUHK's work in computer vision, pattern recognition, medical imaging and robotics.

University profile: cuhk.edu.hk/english/aboutus/university-intro.html

From AI to AGI

Understand how artificial intelligence has developed and where research is heading.

AI learning session at CUHK.

A CUHK AI team introduces key milestones in the development of artificial intelligence, from early ideas to artificial general intelligence (AGI). Explore emerging technologies and applications, ask questions and discuss ideas with the team.

01

AI foundations

Trace major developments and build an understanding of core ideas.

02

The AGI frontier

Explore the goal of AI systems with broad capabilities across different tasks.

03

Interactive learning

Take part in classroom discussion, demonstrations and questions with the teaching team.

See AI in action at SenseTime

Connect classroom ideas with technology used in the real world.

SenseTime AI experience centre and interactive activities.

Visit SenseTime's AI experience centre in Hong Kong for demonstrations, interactive activities and an introduction to AI applications. Explore how AI can support everyday life, industrial work, transport and content creation.

01

Explore

Tour the AI experience centre and see products and demonstrations.

Explore AI applications

Facial expression recognition / AI chess / Large language models / AI image generation / Autonomous driving

02

Interact

Get closer to AI through activities such as AI chess and large-model demonstrations.

03

Understand

Connect what you see with the ideas introduced in the AI learning sessions.

Turn ideas into AI creations

Learn to ask better questions and create with generative AI.

THE CREATIVE PROCESS

- 1 Ask a question
- 2 Refine your prompt
- 3 Generate and adjust

Explore large language model applications and practise prompt design. Set up language and image-generation models, experiment with text-to-image and image-to-image workflows, and use ControlNet to guide visual details, colour and style.

01

Prompt design

Communicate clearly with language models and refine your questions.

02

AI image creation

Translate ideas into visual work through generative AI practice.

03

Creative control

Explore how settings and ControlNet can guide the look of your work.

Generative AI can produce text, images, video and 3D models. The scheduled workshops focus on language models and AI image creation, giving students a practical starting point for their own creative work.

Explore The University of Hong Kong

Discover historic buildings and talk with university students about campus life.

The Main Building at The University of Hong Kong.

Founded in 1911, The University of Hong Kong (HKU) is Hong Kong's oldest university. Its Faculty of Medicine traces its origins to the Hong Kong College of Medicine, founded in 1887. Explore the historic campus, including the Main Building, and discover how university life connects the past with the present.

01

Student interaction

Ask university students about their studies and campus experiences.

02

Historic campus

Explore the Main Building and learn about the university's history.

03

University atmosphere

Walk the campus and experience its learning environment.

University history: hku.hk/en/about-hku/history

Discover the city beyond the classroom

Experience Hong Kong through its harbour, heritage and everyday streets.

Avenue of Stars

Hong Kong Palace Museum

Hong Kong tram

Star Ferry

Ride the Star Ferry across Victoria Harbour and walk the Avenue of Stars. Discover Chinese art and culture at the Hong Kong Palace Museum, take a ride on a Hong Kong tram and explore Central Market and Tai Kwun. A visit to Golden Bauhinia Square adds another perspective on the city's history.

Comfort throughout your stay

Stay in Hong Kong for all five nights, with shared rooms and organised meals.

Accommodation and meal images are illustrative.

Accommodation is arranged in a four-star hotel, with two students sharing a room. Meals include both shared table service and individual portions, with a variety of dishes to support students throughout their learning and activities.

01

Four-star hotel

Comfortable accommodation throughout the programme.

02

Two students per room

Shared rooms with time to rest between activities.

03

Organised meals

A mix of meal formats and dishes during the programme.

Rest well between a full schedule of classes, campus visits and city activities.

Student care before and during the camp

Help with preparation, learning and day-to-day arrangements.

The programme team includes a camp leader, course instructors or teaching assistants, a tour guide, and student-support staff or accompanying teachers. Staffing is adjusted to the group size. Support staff accompany students and attend to their learning, daily routines and itinerary throughout the programme.

CAMP LEADER

Programme coordination

TEACHING TEAM

Classes and learning

TOUR GUIDE

Visits and city discovery

SUPPORT STAFF

Daily care and routines

01

Preparation before travel

A parent communication group, a packing checklist and assistance from a visa adviser.

02

Learning and daily support

Support for classes, activity schedules and daily routines throughout the camp.

03

Programme materials

A learning handbook, camp identification badge, first-aid kit and thermometer.
